Headquarters

Kano, a fashion and new brand with international view, focuses on R&D, production, sales and services of office furniture. Kano concentrates on providing professional total solution of office space for clients.

Production System

Kano's sophisticated automatic machinery are mainly imported from Germany, Italy, and Switzerland. "6S Standard" is strictly implemented for a clean and organized working environment.

HOMAG Automatic linear edge banding machine

HOMAG Laser edge banding machine

4 + 1 plate punch (manipulator)

Warehouse System

Kano strictly implements the lean management system, huge storage with professional loading and transportation system to ensure production delivery to all parts of the country safely within three days.

Anji Smart Industrial Park

Anji Smart Industrial Park is located in Anji, Zhejiang. It is the first ecological county in China, with a total building area of more than 200,000 square meters. It is a fully automatic high-tech industrial park integrating R & D, communication, display and training.

Melamine Production Base

The plate pressing factory of the Kano Group is a powerful advantage for the supply of front-end panels and independent development. It provides a good development premise for the production of furniture and space customization, and resource sharing.

Production System

The plate pressing 4.0 standard manufacture fully implements automatic production. We emphasize "design leads manufacturing", and produce high-quality and unique products.
